PROFESSIONAL SUMMARY

Motivated and detail-oriented Full-Stack Developer and Software Engineering enthusiast with a strong foundation in web development, cloud computing, networking, and database systems. Skilled in building responsive web applications and understanding modern software development practices. Passionate about solving real-world problems through scalable technology solutions and continuously improving technical skills.

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML5, CSS3

Frontend Development: Responsive Web Design, UI Development, Basic React Concepts

Backend Development: Node.js fundamentals, REST API concepts, Server-Side Development

Databases: SQL, Relational Database Design

Cloud & Infrastructure: Cloud Computing Fundamentals, Networking Basics, Content Delivery Concepts

Tools & Technologies: Git, GitHub, Linux Command Line, VS Code

Development Practices: Version Control, Debugging, Problem Solving, Agile Collaboration

PROJECT EXPERIENCE

Full-Stack Web Application (Practice Project)

Technologies: JavaScript, HTML, CSS

- Built a responsive web application interface using modern web development practices.
- Implemented dynamic user interaction using JavaScript.
- Managed project versions using Git and GitHub.

REST API Backend Practice

Technologies: Node.js, JavaScript

- Developed basic REST API endpoints for handling application data.
- Implemented server-side logic and routing.
- Practiced debugging and API testing to ensure reliability.

Database Design Project

Technologies: SQL

- Designed relational database structures for storing application data.
 - Wrote SQL queries for data retrieval and management.
 - Applied normalization principles to improve database efficiency.
-

EDUCATION

Bachelor of Science in Information Technology (BSc IT)

Kwame Nkrumah University of Science and Technology (KNUST) — Kumasi, Ghana

Relevant Coursework:

- Database Systems
 - Computer Networking
 - Software Development Fundamentals
 - Cloud Computing Concepts
-

ADDITIONAL INFORMATION

Location: Kumasi, Ghana

Availability: Open to Software Engineering and Full-Stack Development Internships or Entry-Level Roles

Interests: Cloud Computing, Web Application Development, Software Architecture, Open Source Technology
